

LAB 6

Due Sep 8 by 11:59pm **Points** 5 **Submitting** a file upload **Available** until Sep 8 at 11:59pm

This assignment was locked Sep 8 at 11:59pm.

Simple Output.

Using my macros, you are to write an assembly program that prints two (2) strings with a carriage return after each string to the terminal.

```
szMsg1: .asciz "The sun did not shine."
```

```
szMsg2: .asciz "It was too wet to play."
```

```
cCr: .byte 10
```

For use of `putch()` and `putstring()` macros, refer to: [Professor B's Functions](#)

upload a screenshot showing the execution of your program along with your `.s` file.
