

# LAB 13

---

**Due** Oct 7 by 11:59pm    **Points** 15    **Submitting** a file upload    **Available** until Oct 7 at 11:59pm

---

This assignment was locked Oct 7 at 11:59pm.

For this assignment, you are to prompt the user for a grade (0 -100) and, using Listing 5.4 of your text, display the corresponding letter grade. If the value is less than 0, display error message that the value is "Too Low" and if the value is greater than 100, "Too High".

REGULAR Assignment: Use the following input values as separate runs and show the output to the screen.

-10
